

## **ORAL PRESENTATION GUIDELINES**

### **3<sup>rd</sup> INTERNATIONAL CONFERENCE ON WETLAND FOR SUSTAINABLE DEVELOPMENT GOALS (ICWSDGs)**

#### **and Seminar Nasional Lingkungan Lahan Basah**

#### **In Conjunction with the International Symposium on Sustainable Buildings, Cities, and Communities 2026 (SBCC 2026)**

- Theme** : *Blue-Green Futures: Advancing Wetlands and Green Buildings for the 2030  
SDGs Agenda*
- Date** : 7–8 July 2026
- Venue** : Fugo Hotel Banjarmasin, Indonesia

### **1. General Information**

All accepted papers for **The 3<sup>rd</sup> International Conference on Wetland for Sustainable Development Goals (ICWSDGs 2026)** and **Seminar Nasional Lingkungan Lahan Basah In Conjunction with the International Symposium on Sustainable Buildings, Cities, and Communities 2026 (SBCC 2026)** must be presented by one of the listed authors during the assigned parallel session.

Presentations will be conducted in English using the official conference PowerPoint template provided by the organizing committee. The purpose of the oral presentation is to communicate the significance, methodology, findings, and impact of the research in a concise and effective manner.

### **2. Presentation Requirements**

- The presenter must be one of the authors listed in the accepted abstract or paper.
- Presenters are required to complete the attendance registration provided by the organizing committee.
- All presentations must be delivered in English.
- The total allocated time for each oral presentation is **5 minutes**.
- Presentations will be conducted in **panel sessions consisting of four (4) presenters**, followed by a **15-minute discussion session** moderated by the Session Chair.

- Presenters must be present in the assigned room at least **10 minutes before** the scheduled presentation time.
- Presenters are expected to remain available during the discussion session following the presentations.

### 3. Official Presentation Template

All presenters are required to use the official conference PowerPoint template provided by the organizing committee.

To ensure uniformity and effective time management, the presentation must consist of **six (6) slides only**, arranged according to the following structure:

Slide	Content
Slide 1	Title
Slide 2	Introduction and Objectives
Slide 3	Methodology
Slide 4	Results and Discussion
Slide 5	Conclusions and References
Slide 6	Research Output

Additional slides beyond the prescribed six-slide format are not permitted.

### 4. Slide Content Guidelines

#### Slide 1 – Title

The title slide must include:

- Paper title
- Author(s) name(s)
- Affiliation(s)
- Corresponding author's email address
- Conference logo and branding elements included in the official template

#### Slide 2 – Introduction and Objectives

This slide should clearly present:

- Research background

- Problem statement
- Research gap or rationale
- Research objectives

The content should focus on the significance and novelty of the study.

### **Slide 3 – Methodology**

This slide should summarize:

- Research design
- Materials and methods
- Experimental procedures, analytical techniques, or datasets
- Research workflow, process diagram, or conceptual framework where appropriate

The methodology should be presented clearly and concisely.

### **Slide 4 – Results and Discussion**

This slide should present:

- Key findings of the study
- Significant data, figures, charts, tables, or illustrations
- Interpretation of the results
- Scientific, technical, social, or practical implications of the findings

Only the most important results should be highlighted due to the limited presentation time.

### **Slide 5 – Conclusions and References**

This slide should contain:

- Main conclusions of the study
- Research contributions and implications
- Recommendations for future work, if applicable
- Key references cited in the presentation

References should follow a consistent academic citation format.

### **Slide 6 – Research Output**

This slide should highlight the outcomes and impact of the research, such as:

- Journal publications
- Conference proceedings

- Patents
- Prototypes
- Software applications
- Community engagement outcomes
- Industrial implementation
- Technology transfer activities
- Other relevant outputs and impacts

## 5. Presentation Design Requirements

To ensure readability and consistency across all presentations, presenters shall comply with the following requirements:

- Use the official conference PowerPoint template without modifying its primary layout, theme, or branding elements.
- Maintain a professional academic presentation style.
- Use clear, legible fonts throughout the presentation.
- Ensure adequate contrast between text and background.
- Use high-resolution figures, graphs, charts, and images.
- Avoid overcrowding slides with excessive text.
- Present information using concise bullet points where appropriate.
- Ensure that all figures and tables are clearly labeled and readable.
- Define abbreviations and acronyms upon first use.
- Use consistent terminology, symbols, and units throughout the presentation.

## 6. Presentation File Submission

The presentation schedule, room allocation and presentation files can be accessed and uploaded through the conference website:

<http://icwsdgs.lppm-ulm.com>

Presenters are required to upload their presentation files no later than **1 July 2026**.

Submission requirements are as follows:

### File Format

- Portable Document Format (\*.pdf)

## File Size

- Maximum file size: **20 MB**

## File Naming Convention

Presentation files must be named according to the following format:

**ROOM\_DAY\_SESSION\_PRESENTER NAME.pdf**

Example:

**ROOM 1\_TUESDAY\_SESSION 2\_Ani Budi.pdf**

Presenters are responsible for ensuring that submitted files are complete, accessible, and compatible with standard presentation software.

## 7. Session Procedures

- Presenters must report to the assigned session room at least **10 minutes before** the session begins.
- Each presenter will be allocated a maximum of **5 minutes** for presentation.
- Session Chairs will strictly enforce the allocated presentation time.
- Presentations will be delivered sequentially within a panel session.
- Upon completion of all presentations within the panel, a **15-minute discussion and question-and-answer session** will be conducted.
- Presenters are expected to actively participate in the discussion period.

## 8. Technical Requirements

- Presenters are responsible for verifying the functionality and accuracy of their presentation files before submission.
- Embedded multimedia, animations, and external links should be minimized to avoid compatibility issues.
- All presentation materials should be compatible with standard Microsoft PowerPoint software.
- Any special technical requirements must be communicated to the organizing committee prior to the conference.

## 9. Academic and Professional Standards

- Presentation materials must accurately reflect the content of the accepted paper.

- All presented data, figures, images, and materials obtained from external sources must be appropriately acknowledged.
- Presentations must comply with accepted standards of academic integrity and research ethics.
- The organizing committee reserves the right to request revisions to presentation materials that do not comply with conference requirements.
- Failure to comply with these guidelines may affect the presentation process and publication eligibility.

---

### Important Notice

Given the limited presentation duration of **5 minutes**, presenters are expected to communicate their research clearly, accurately, and efficiently by focusing on the study objectives, methodology, key findings, conclusions, and research outputs within the prescribed six-slide format. Adherence to the presentation structure and time allocation is essential to ensure a smooth and professional conference experience for all participants.
